# New Portal for Alarm Permits

To reduce costly false alarms, the City of Brea requires all alarm users to obtain an alarm permit and pay the required fee, prior to operating an alarm system. To improve the registration and renewal process, the City has partnered with a new vendor, PM AM Corporation. The implementation of this upgraded technology allows residents and businesses to receive online notifications related to registration, processing, renewals, online billing, and other important information related to accounts.

All alarm permit information was transferred to the new web portal. Current customers need to visit the portal to create a username and password, and locate their account by using their address, name, or permit number. New alarm permit customers can register and pay through the portal. Alarm permit renewals will continue to be due on July 1.

Visit **[CityofBrea.gov/AlarmPermit](https://www.cityofbrea.gov/AlarmPermit)** to access the link to the new portal.
