

# How to Sort Your Organic Waste

## Step 1 Set Up Kitchen Containers

Designate indoor containers next to dishwashing stations and food prep areas.

## Step 2 Train Staff

Use clear plastic bags to collect food.

## Step 3 Recycle Food Waste in Your Organics Bin

Place bagged food waste in outdoor bins.

2-yard bin

- ✓ Food waste bins have a brown lid. Yard waste is NOT allowed. Clear plastic bags are allowed.

# How to Sort Your Recyclables

Senate Bill (SB) 1383: All commercial businesses and multi-family dwellings are required to participate in their jurisdiction's recycling program to divert the following materials:

## Paper & Cardboard

## Metal Cans

## Plastic Containers

## Glass

- Items should be empty, clean and dry
- Items should be loose
- No plastic bags

# Senate Bill (SB) 1383 Mandatory State Organics & Recycling Law

## City of Brea Commercial Businesses

Sustainability in Action

# What Is Organic Waste?

## Food Waste

Meat, dairy, grains, fruit, vegetables, bones, eggshells, coffee grounds, tea leaves

## Food-Soiled Paper

Paper napkins, coffee filters, tea bags, paper bags

## Yard Waste\*

Grass, leaves, branches, plants, weeds

\*Yard waste is only accepted in organics bins with green lids. Please talk to your Republic Services representative about whether your program allows yard waste materials.

# Edible Food Recovery

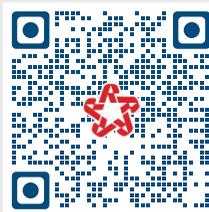

Senate Bill (SB) 1383 requires certain businesses to donate edible food that would have been disposed of. SB 1383 places mandated food generators into two tiers.

## Tier 1: Implementation by January 1, 2022

- Wholesale Food Vendors
- Food Service Providers
- Food Distributors
- Grocery Stores (more than 10,000 sq. feet)

## Tier 2: Implementation by January 1, 2024

- Hotels (with on-site food facility and 200+ rooms)
- State Agency Cafeterias (more than 5,000 sq. feet or 250+ seats)
- Health Facilities (with on-site food facility and 100+ beds)
- Large Venues and Events
- Restaurant Facilities (more than 5,000 sq. feet or 250+ seats)

To find local food banks in the area, visit [Cityofbrea.gov/BusinessRecycle](http://Cityofbrea.gov/BusinessRecycle) or scan the QR code.

# What Is SB 1383?

## State Law

Senate Bill (SB) 1383 – California’s Short-Lived Climate Pollutant Reduction Strategy aims to take organics out of the landfills to help reduce methane emissions. Organic materials that end up in landfills decompose, creating methane gas, a greenhouse gas emission that negatively contributes to the environment.

What does it mean?  
All customers will be required to divert food waste, food-soiled paper and yard waste from their trash bins.
