Old Timers Luncheons Add to Legacy

The docent team at the Olinda Oil Museum and Trail are interested in gaining additional history data about the Olinda area and feels that the best way to accomplish that is to go directly to the source. Consequently, a regular meeting day has been established for members of the community who worked in the oil fields, had roots in Olinda, or spent time there during the years that Olinda was a booming, oil producing area. The more information we can gather, the more significant our presentation of the this era in Olinda's history, not only regarding the oil industry, but also aspects of family life in the community.

These luncheons will be held on the first Wednesday of each month.

Museum hours are Wednesdays from 10 a.m. to 2 p.m. and Sundays from noon to 4 p.m. The park and trail are open from 9 a.m. to 4 p.m. Questions or scheduling of group tours is handled by Sean Matlock in Community Services at (714) 671-4447.
