Re: City of Brea 2015 General Plan Annual Progress Report

To Whom It May Concern:

The City of Brea is pleased to provide its annual progress report of the City's General Plan. In 2016, the City continued to implement the Goals and Policies that were laid out in the comprehensive update to the General Plan adopted in August 2003. As required by Section 65400 of the California Government Code, the following is an annual report on the status of the plan and a report on Brea's progress in meeting our share of the Regional Housing Needs Assessment established through the Southern California Association of Governments. In addition, the City held a public comment opportunity for the annual report at the Council meeting of March 7, 2017.

Please contact me by email at cynthiac@cityofbrea.net or by telephone at (714) 990-7674 should you have questions regarding this matter.

SUBJECT: GENERAL PLAN ANNUAL PROGRESS REPORT FOR 2016

In 2016, the City continued to implement the Goals and Policies identified in the comprehensive update to the General Plan adopted in August 2003. As required by Section 65400 of the California Government Code, the following is the annual report on the status of the plan and a report on Brea's progress in meeting our share of the Regional Housing Needs Assessment (RHNA) established through the Southern California Association of Governments (SCAG).

The Brea General Plan is organized into six sections identified as "chapters," each of which includes one of the states mandated elements of the General Plan, consistent with, and pursuant to, Section 65300 of the California Government Code. The following report is organized into the chapters from the General Plan. The first appendix of the General Plan, Appendix A: Implementation Guide (Attachment A) provides the overall direction and the specific Policies to be carried out to fulfill the City Council adopted Goals intended to be achieved as a result of the General Plan Update. This appendix should be referenced for specific information regarding Goals and Policies cited in this report.

Community Development

Land Use – The City of Brea Housing Element continued compliance with state law for the 2014-2021 time period. Brea remains committed to addressing its regional housing needs for all income levels and have adopted several policies and programs that include:

- to streamline the development process for affordable housing;
- incentives to encourage and facilitate housing affordable to lower income households;
- efforts to promote and explore multi-family development within mixed use and residential zones; and
- efforts to develop and adopt design guidelines for second units and multi-family development.

These programs were added to encourage and prioritize sustainable housing projects, promote healthy communities, green building and energy conservation. Several of the programs include timing to achieve implementation within the first few years of the 2014-2021 housing cycle (see Attachment B – Housing Implementation Program Summary). In 2016, the City worked towards 14

Housing Programs (Table 1 provides a specific breakdown).

TABLE 1: HOUSING IMPLEMENTATION PROGRAM GOALS

MAINTAINING EXISTING HOUSING QUALITY AND AFFORDABILITY	
HOUSING PROGRAM	ACHIEVEMENT
Single-Family Rehabilitation Program	Eleven loans and grants were provided to lower income homeowners to help them rehabilitate their homes.
PROVISION OF NEW AFFORDABLE HOUSING	
HOUSING PROGRAM	ACHIEVEMENT
Affordable Housing Ordinance	The City continues to implement the Affordable Housing Ordinance integrating low to moderate income households within market rate developments. Currently, the City is working with an applicant that would implement the ordinance. This project would include new multi-family units that would provide at least 10% of their units for sale at affordable below market prices.
PROVISION OF ADEQUATE HOUSING SITES	
HOUSING PROGRAM	ACHIEVEMENT
Land Use Element and Sites Inventory	An inventory of residential and mixed use sites was completed in 2012. Staff has been working to update this residential sites inventory.
Creation of High Density/Opportunity Sites	Staff has been evaluating suitable locations for re-designation. The City is in its beginning stages of the Central City Core. This plan would evaluate opportunity areas for high density and mixed- use development.
Creation of Higher Density Residential Zoning	
Second Units	With the newly passed assembly bills, the City is currently re-evaluating the existing second unit development standards. New changes would promote second units.
REMOVAL OF GOVERNMENTAL CONSTRAINTS	
HOUSING PROGRAM	ACHIEVEMENT
Affordable Housing Incentives in Mixed Use Zoned	The Central City Core is striving to start Phase one of its two phase process. The project objectives are: 1. Set direction from a land use, urban design and a policy perspective for accommodating
Multi-family Development in Multi-family Zones	
Multi-family Design Guidelines	

CEQA Exemptions for Infill Projects	<p>new infill development and address opportunity areas.</p> <p>2. Provide recommendation in terms of design concepts entitlement strategies, and policy to help to current developer proposals.</p> <p>3. Evaluate opportunity areas for affordable housing in terms of design and incentives. Consider creating a City Density Bonus Ordinance to better achieve both affordable housing and market-rate housing goals.</p> <p>These objectives would help achieve many housing program goals.</p>
Efficient Project Processing	

EQUAL HOUSING OPPORTUNITES AND SPECIAL NEEDS

HOUSING PROGRAM	ACHIEVEMENT
Fair Housing Program	The City provides educational information to the public by posting it on the City's website and at the public counter. This helps continue to promote fair housing practices.

SUSTAINABILITY, ENERGY EFFICIENCY AND HEALTHY COMMUNITY

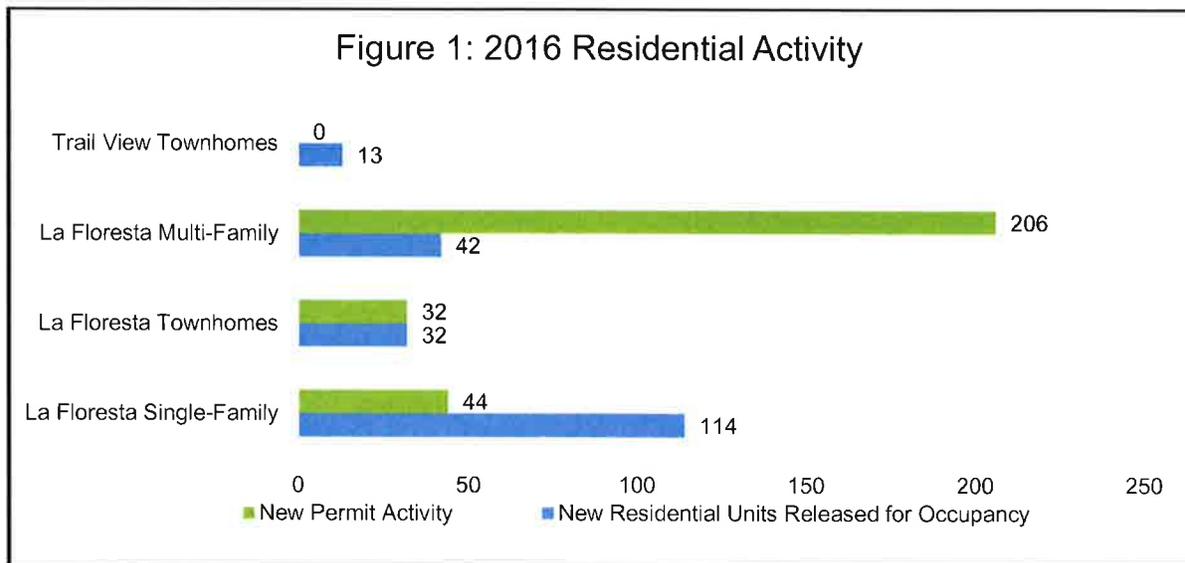

HOUSING PROGRAM	ACHIEVEMENT
Green Building	The CalGreen code was adopted and implemented 2016. The code mandates the reduction of water use, divert construction waste to recycling and to ensure heaters, air conditioners and other mechanical equipment to work efficiently.
Energy Conversation	Sustainability promotions and financial programs offered jointly by the City and Western Council of Government include Property Assessed Clean Energy (PACE) plans designed to assist residential property owners with many types of clean energy upgrades such as solar panels, cool roofs, window and door replacements, or irrigation and lighting control systems. The City also posted web links to incentivize and educate the public on how to reduce greenhouse gas emissions and manage energy consumption.

The increase of the senior population is identified in the Housing Element. Seniors are a significant special needs group in Brea, comprising approximately 22% of the community's households. The senior population is expected to increase as the baby boom generation approaches retirement. With the rise of this population, rising rents are a particular concern due to the fact that many seniors are on fixed income. To assist with addressing this matter locally, Housing Program HE-22 and HE-23 have been included regarding housing affordability. The on-going effort to support a range of senior housing needs include:

- Senior Rental Subsidy program to provide monthly rental subsidies for 53 "very low" income seniors;
- Engaging seniors through case managers and liaisons to better understand and plan for senior housing opportunities; and
- Providing resources for seniors (e.g. legal aid, mediators) specializing with housing issues such as rent control and legal contracts.

As part of the La Floresta project, 266 units are designated as age qualified units for seniors 55 and up. The location of the development is centrally located to nearby restaurants, a grocery store and parks which provides seniors the ability to walk to different services. The development also includes an exclusive recreation area with a pool, gym and meetings rooms providing seniors opportunities to learn new skills and share activities. Overall, this development provides seniors with housing and amenities to help address their needs and age in place.

Housing Program HE-2, HE-4, HE-5 calls for rehabilitation and refinancing loans for rental properties. In 2016, the City assisted in the rehabilitation of 11 homes owned by low income residents through the Housing Rehabilitation Program. This was a combination of three loans and eight grants to low income Brea homeowners. The rehabilitation included reroof, window, door, siding and floor repairs and bathroom remodels.

In 2016, 201 new residential units were released for occupancy and the majority of the units came from the final releases for the dwellings units in the La Floresta project and the Trailview Townhomes project. The City also issued 282 new residential units permits and all of the new residential units were from the La Floresta project. Figure 1 is the breakdown of residential activity in 2016. The units are a mix of single-family residential units, multi-family residential units and townhomes. These residential projects are consistent with the General Plan because it provides site opportunities for the development of housing that responds to the community needs in terms of housing type, costs, and location helping achieve HE-3.1.

The City is currently working with a project applicant on two opportunity sites identified in the Housing element. The project consists of multi-family apartments, commercial uses and a new hotel. The project will meet HE-9 improving the City's supply of housing options for a wide range of income levels. The site is currently utilized for office buildings and the proposed project would implement the mixed-use zoning to incorporate residential uses within an established office complex. This would achieve Policy CD-1.1 and CD-1.9 by creating a compact, walkable, mixed use neighborhood that would effectively integrate multi-family housing with convenience and a neighborhood shopping center. The new hotel would also create new employment opportunities and would make a positive contribution to the City's tax base in compliance with Policy CD-1.3 and Policy CD-1.6. The project will be considered in 2017. If approved construction is expected to begin in 2018.

Brea Envisions provides an opportunity for the residents, business owners, youth, seniors, and others interested in Brea's future to share their vision and priorities for what Brea should be now and in the future. This three phase outreach and community planning effort engaged the community through a nine month conversation including open ended questions, surveys, interviews, workshops and one-on-one conversations to share their values and vision for Brea's future, as well as explain the needs and opportunities for Brea's future. Brea Envisions has started Phase III and the Community Strategic Plan is anticipated to be complete late Spring 2017. This document is a precursor to updates for several City policy documents including a focused General Plan Update, a Parks, Recreation, Human Services Master Plan, a new Cultural Arts Master Plan and an organizational Strategic Plan.

Circulation — Goal CD-11 calls for the City to provide a safe and efficient circulation system that meets the needs of the community. This year, the City completed or initiated a number of Capital Improvement Projects (CIP) to implement this goal.

The City completed the installation of a new traffic signal at the intersection of Associated Road and Sleepy Hollow Lane in accordance with CD-11.10. This included signal connection, removal of the flashing beacon, installation of signal poles, video detection system, electrical service cabinet, LED illuminated street name signs, Emergency Vehicle Pre-emption system (EVP), fiber optic cable, curb and gutter sidewalk and traffic signing and stripping. In addition, the City completed Phase 2 of the Traffic Control Technology Project. Phase 2 installed fiber optic cable and conduit, closed circuit television (CCTV) camera, video detection and Emergency Vehicle Pre-emption (EVP) throughout various street and intersections in compliance with CD-2.4. All new equipment implementation are installed in the field with the Brea City Hall Traffic Management Center (TMC).

Finally, the Tracks at Brea is a multi-year CIP project consisting of a four-mile, dual-tread trail intended to provide connection between Brea's east and west sides helping achieve CD-2.3, CD-3.1, CD-10.3, CD-11.2, CD-12.5 and CD-13.2. The Tracks Phase 2, Segment 3 was completed which included, grading, soil remediation, installation of water service, landscape implementation, lighting, and wall construction. New traffic signal improvements were also installed at Tracks at Brea within Segments 1-3. The new traffic signal modified the existing traffic signal to include pedestrian controls at the intersection of Brea Boulevard at Fire Station No. 2, State College Boulevard and Avocado Street. The Tracks at Brea provides for an extensive, integrated, and safe bicycle, hiking and pedestrian network throughout the community and helps make Brea a pedestrian-friendly community.

Infrastructure - Efforts in infrastructure improvements are facilitated through the City's Capital Improvement (CIP) projects. During 2016, numerous street improvement and rehabilitation projects were performed, in keeping with Policy CD-14.2.

In 2016, in compliance with Americans with Disabilities Act (ADA) requirements, ADA upgrades were completed at the Senior Center. This included a ramp and shade structure. The City's existing roof system was repaired and replaced with City furnished roofing materials per the current California Building Code in compliance with CD-27.2. The City also assembled and erected a furnished bus shelter at the existing bus stop location at the Brea Mall. Lastly, the City completed the installation of two, new 10,000 gallon, dual compartment above ground storage tanks at the City Corporate Yard and the Brea Sports Park while removing and disposing of the existing underground fuel tank system.

Growth Management – efforts continued toward Growth Management Goals by cooperating in the annual Congestion Management Plan update and being active in OCCOG, SCAG and other regional bodies, as prescribed by in Policies G-27.1 and G-28.1. The City received three, second units

applications that help accomplish the vision expressed for Growth Management through Policy CD-27.4. As open spaces become limited second units help provide alternative housing options.

In keeping with Policies CD-26.3, CD-27.1, CD-27.4 and CD-27.5, CD-28.1, CD-28.2 and CD-28.3, Brea continued to actively participate in regional land use and transportation planning through the Southern California Association of Governments (SCAG), Orange County Transportation Authority (OCTA), Four Corners Group, Fourth District Bikeways Collaborative and Orange County Council of Governments (OCCG). Additionally, staff is active on the Hillside Open Space Education Coalition and Orange County Senior Housing Council.

Economic Development – maintaining and facilitating the Business Retention and Attraction Program as called for in Goals CD-23, CD-24, and CD-25, through active participation in the Chamber of Commerce's Economic Development Committee, the North Orange County Partnership, and Business Outreach. Personalized information is provided to prospective and existing businesses. The City introduced the Shop Brea Program, a community outreach effort to encourage the community to shop within the City. The program also educates the community on how shopping in Brea benefits residents directly. Highlights of businesses and promotion of business events is also part of this program.

Further efforts to fulfill Economic Development goals include on-going coordination with the Chamber of Commerce to address the needs of existing and future businesses in the community. Staff continues to review codes, policies and implement practices to remove impediments in the system, encourage partnerships and to continue to be a business supportive community. Also the City implemented the City/Business Connect program. This effort encourages an open dialogue with elected officials, city staff and local business owners and managers to discuss the business climate, strategize helpful solutions and better understand how the City can support our local business community. The program is designed to strengthen the City's relationship with local business and give local business the opportunity to engage with City leaders.

As the City continues to work its way through steps to wind down its former redevelopment agency, we will explore new resources to be proactive in fostering economic development and affordable housing for our community. As required by state law, Attachment D details the City of Brea's (Housing Successor) fiscal activities during the 2015-2016 time period.

The Policies contained in Goals CD-1, CD-4, CD-6 and CD-23 call for the use of redevelopment set-aside funds and other funding mechanisms to assist with the development of workforce housing. In 2016, \$80,369 was added to the Affordable Housing Trust Fund and \$95,974.51 was added to the Housing Successor Fund. With the passage of Assembly Bills 26 and 1484, redevelopment agencies in California and Brea were dissolved. However, prior to this legislation there was significant progress in achieving workforce housing in Brea. The City, as Housing Successor to the redevelopment agency maintains waiting lists for both rental and ownership affordable housing. Currently, over 518 rental units are covered by affordable covenants.

The Neighborhood Enhancement Program continues as called for in Policy 1.12 with the administration of CDBG grants and loans for the improvement of low-income, owned, single family homes including mobile homes. In 2016, the City assisted in the complete rehabilitation of 11 homes.

Community Resources

The Parks, Recreation and Human Services Commission and Community Services staff ensured current needs and services of the Community in 2016. Policies CR-1.1 – CR-1.7 call for the creation of new park space with development proposals to increase the overall availability of parks

for our growing community. A project worth noting is Central Park Village which began construction of the 1.5 acre privately owned public park called Central Park. The park is designed with a fountain plaza, splash pad, play area, bench seating and a restroom. Central Park incorporates unstructured play and passive recreation in a new large-scale residential development.

The City continues to achieve Policy CR-3.2 by maximizing the use of open space areas that are capable of supporting park-type activities by coordinating with Brea Olinda Unified School District for a school/park joint use concept that increase recreational resources.

Staff continues to encourage eligible property owners to utilize Mills Act loans and to place their property on the Historic Registry Listing, as called for in Policies CR-14.4 and CR-14.5. The Brea Historical Register currently has a total of 58 designations. The City granted a Historic Resource Designation for a house located on 909 East Elm Street. The home was identified with Carl Harvey, who played an important role in the City's social and political history. The architectural style was reflective of the Spanish Colonial Revival design in the 1930s and is located in one of the oldest neighborhoods in Brea. The granting of the Historic Resource Designation is in accordance with General Plan Goal CR-14 and CR-15 by providing physical protection to a historic building and making the community aware of the importance of historic preservation

Trails continue to be a priority to the City, as called for in the Policies and Goals of CR-7 and CR-8. The City has worked extensively with state and federal agencies to integrate planning and funding of recreation and trail facilities and to implement related General Plan Goals and Policies. In addition to completing acquisition of the parcels needed for The Tracks at Brea around 2012, the City has received over 26 grants totaling approximately \$17,500,000 for the entire trail project

Policies CR-6.1-3, CR-6.6, CR-7.4 and CR-7.1-2 require development proposals to include improvements for an urban and walkway trail system including, but not limited to access points, landscaping, proper lighting, decorated accent paving materials, and other pedestrian improvements. The trail must ensure easy linkages to schools, commercial areas, cultural and social centers and other high pedestrian activity areas. In 2016, the infill, multi-family project, Trailview, was completed. This project is the first neighborhood trailhead connection via Orange Avenue to the Tracks at Brea Trail which provides the direct pedestrian access and bicycle connection to this community facility and broader active transportation network of Brea. The project help achieve healthy and sustainable community-based upon the green building practices as prescribed in Polices CR-11.1, CR-1.4, CR-1.5 and CR-13.2

Ongoing efforts for the National Pollution Discharge Elimination System (NPDES) and a variety of storm water control system improvements were continued, as directed in Goals CR-11 and CR-12. Over 340 catch basins, storm drains and 110 miles of main sewer lines were cleaned. Water conservation was also enhanced by requiring the use of drought tolerant plant materials for private development and using drought tolerant materials for public projects. Further, approximately 140 leak surveys were performed to assist residents and businesses to use less water which in return assists the City to meet the 20 percent water reduction goal by 2020.

Policy CR-9.3 calls for the City to preserve and restore the habitat value of creek corridors. In 2016 the City participated in Brea's 14th Inner Coastal Cleanup which consisted 165 volunteers removing debris from the Coyote Creek Watershed which discharges at Seal Beach, it was estimated that participates removed approximately 2,000 pounds of debris

Policies CR-13.1 through CR 13.8 calls for the City to promote energy conservation and improve air and water quality impacts. The City continues to lead the way regionally through implementation of sustainability initiatives aimed at improving the quality of life in Brea. Efforts include implementation of the City's Sustainability Plan and Energy Action Plan and implementing

online permitting for energy efficiency projects. The Sustainability Plan addresses energy conservation, encourages alternative modes of transportation to reduce emissions, cooperate with other public agencies, and encourages recycling.

The City of Brea's Building & Safety Division continues to adopt and implement current California Codes. The adoption of the 2016 California Codes include an updated part 11 "CalGreen" code – This code lays out specific constraints for newly constructed and significantly remodeled buildings. It requires builders to install plumbing that cuts indoor and outdoor water use by as much as 20 percent, to divert 50 percent of construction waste from landfills to recycling, and to use low-pollutant paints, carpets, and floors. It also mandates inspection of energy systems to ensure that heaters, air conditioners, and other mechanical equipment are working efficiently. For non-residential buildings, it requires the installation of water meters for different uses. Brea remains committed to addressing its regional energy needs by encouraging higher sustainable levels. Sustainability promotions and financial programs offered jointly by the City and Western Council of Government include Property Assessed Clean Energy (PACE) plans designed to assist residential property owners with many types of clean energy upgrades such as solar panels, cool roofs, window and door replacements, or irrigation and lighting control systems. Two additional financial programs – California FIRST and Figtree – were approved to assist commercial property owners with financing energy efficiency measures in their facilities. The City also posted web links to incentivize and educate the public on how to reduce greenhouse gas emissions and manage energy consumption. To encourage alternative modes of transportation and reduce emissions associated with automobile use, the City continued to implement Tracks at Brea as highlighted in the *Circulation* discussion. Finally, the City implemented a streamlined building permitting procedures for small residential solar energy systems, in order to help streamline the permitting and installation of rooftop solar energy systems and help promote renewable energy sources in the City of Brea.

Brea spearheaded the formation of the North Orange County Cities Energy Partnership along with Southern California Edison, Southern California Gas, The Energy Coalition, and the cities of Fullerton, La Habra, La Palma, Orange, Placentia, and Yorba Linda. The Partnership is a regional cluster of cities representing a population of nearly half a million residents over an area of approximately 81 square miles. To reward and encourage member cities toward more energy efficiency, the Partnership program offers larger rebates and incentives than those which are available to non-partnership cities. With Brea acting as the lead agency, the Partnership is focusing on achieving energy savings and behavioral changes in residential, commercial, and municipal sectors. The City is participating and contributing its share to those efforts by proper planning and participation in regional air quality managements programs.

Community Services

As expressed through Policy CS-1.1, the Brea Community Center (BCC) remains the focal point for ongoing community services supporting Brea residents of all ages. The annual attendance of the BCC is just over 450,000 people. Classes and programs offered at the BCC this past year included fitness and wellness programs, and group exercise for all ages, English as a Second Language (ESL), preventative medical screenings, and the "Hands on Brea" Volunteer Program. As called for in Policies CS-1.1 and CS-1.4, special emphasis is placed on Brea's after school program for grade school ages, as well as a teen center for the teen population. The Student Advisory Board (SAB), located at the Teen Zone within the BCC, explores, designs, and implements a variety of activities including a Teen Summit. The summit is where they focus on leadership skills and community involvement. The City's after school programs continue to operate with transportation for Brea's youth to the BCC. The Brea Resource Center (also located within the BCC), as emphasized in Policy CS-1 provides extensive family support programs such as individual, couples and family counseling, support groups, case management, Medi-Cal and

Food Stamp application assistance, Veterans services, and holiday programs. The BCC is also home to early childhood education programs.

The Brea Senior Center provides home delivered meals to 35 home-bound seniors. This program is operated by volunteers. The Senior Center itself continues to offer a variety of programs and services to the local senior community, including art classes, games, computer tutoring, health screening, informative presentations, physical fitness classes, and the travel group. The senior nutrition program offers hot meals to seniors at the Center. Transportation services are available to and from the Center, along with weekly shopping trips. Case management services and resources are also available to residents.

General Plan Goal CS-8 indicates the creation of National recognition for Brea as an arts community. In 2016, one art piece was added to Brea's Art in Public Places Collection – *Interconnected*, which is the 167th sculpture to be added. Brea's program continues to be one of the largest collections of outdoor sculptures in the nation. Installation of new sculptures and tours of Brea's Art in Public Places Collection will continue to be provided in order to increase the exposure to the arts.

In keeping with Policy CS-6.1, The Curtis Theatre Performing Arts Facility entertained approximately 60,000 guests in 2016, and is considered a major contributor to the City's entertainment and restaurant business economy. The Theatre hosts a curated season of performing arts and entertainment, oversees a Youth Theatre Program with an annual registration of 515 children, and is home to a variety of businesses and non-profit organizations through its rental program. The City also continued to provide live concerts and presentations in the City Parks in 2016.

Public Safety

The Brea Police and Fire Departments continue to enhance their services to our community through strategic deployment of personnel and utilization of resources. In keeping with Policy Goal PS-1.1, 1.7, 2.1, and 2.3 City staff meet regularly with the Police Department to identify impacts that new development will have upon police services and to ensure safety in public areas. The Brea Police department is a standing member of the staff Development Team, providing police perspective on development throughout Brea, and department members periodically participate in the Plan Check process, providing input on public safety concerns. In accordance with PS-1.5, the Community Development Fee was implemented in the La Floresta development and as a result helped fund fire protection services.

It is important to maintain and develop a community policy strategy compatible with the needs and size of the community in accordance with PS1.3. The Brea Police identified the need to add an additional police officer and also created the Police Community Outreach Coordinator to oversee all public information campaigns. The two new positions are a vital part of the Brea Police Department. As the City continues to expand more police officers are needed to cover the growing city. The Police Community Outreach Coordinator is significant part of the team as this position will relay and publish messages to different outlets such as social media platforms compliant with PS1.11.

Modern technology and equipment are vital for an effective police service, as recognized in PS-1.2 and PS-1.8. In 2016, the Police Department launched a new computer aided dispatch and records management system which is designed to increase efficiency and effectiveness. Existing technology and equipment were enhanced by the Brea Police working with the Embassy Suite and the Brea Mall. Both the Embassy Suite and Brea Mall infrastructures inhibited public safety radio communication and the Police Department addressed the issue and now receive clear communications. Brea Fire Department purchased and implemented the Auto Pulse. The Auto

Pulse is a CPR device on all fire engines to assist the first responders when confronted with a person in a cardiac arrest. The Fire Department has also installed a new 800 MHZ/XTZ 7000 dual band radios for all fire apparatus, stations, administrations and preventions.

In accordance with PS-1.7 and PS-1.11, the department remained active in community outreach efforts and maximized the use of volunteers. Community Watch programs continue to grow, and the department has continued to increase its use of social media to reach residents utilizing Nextdoor, Facebook, and Twitter to share information about the department, its services, and provide important information on crime. The Brea Police Explorers and Volunteers in Police Service (VIPS) provided 4,650 hours of volunteer service to the City.

To ensure disaster preparedness for City employees in accordance with PS-1.9, the Emergency Preparedness Coordinator organized numerous training opportunities and evacuation drills at City facilities, as well as a National Preparedness Month in which employees were provided information and resources to assist preparing at home, as well as at their workplace.

The Fire Department has also continued to implement Policies PS-1.2, PS-6.1, through its Weed Abatement Enforcement Program and compliance with the Very High Fire Hazard Areas code requirements for new residential construction. Examples of the Very High Fire Hazard Areas are Olinda Village and Blackstone. Further, all new homes are required to be equipped with automatic fire sprinklers – permits, plan check, and inspections have increased accordingly, in keeping with PS-1.6.

Goal PS-6 calls to protect the community from wild land fires and PS - 1.4 calls to fund appropriate levels of fire personnel, staff, and equipment to maintain a four to six minute response time. In 2016, the Fire Department responded to 5,445 calls for emergency fire or medical service. Policy PS-1.4 calls for the Fire Department to determine and meet community needs for fire protection and emergency services. The Fire Department conducted 523 fire inspections and 2510 fire and life safety inspections.

Goals PS-4.1 and PS-5 calls for Hazards Management cooperation with federal, state, and local agencies to effectively regulate the management of hazardous materials and hazardous waste. Additionally, the Fire Department continues to provide education and information to the community about: commonly used hazardous materials, more environmentally friendly alternative; safe recycling and disposal, ethos and the location of nearest household hazardous waste collection center.

GENERAL PLAN

IMPLEMENTATION

GUIDE

The General Plan Implementation Guide provides a guide to implement adopted General Plan policies and plans for City elected officials, staff and the public. The purpose of the Implementation Guide is to ensure the overall direction provided in the General Plan for City growth and development is translated from general terms to specific actions.

Each implementation measure is a program, procedure, or technique that requires additional City action. This action may either occur on a City-wide basis, or in individual subareas. Some of the implementation measures are processes or procedures the City currently administers on a day-to-day basis (such as development project review), while others identify new programs or projects that will become day-to-day planning activities in Brea. The City Council, by relating the Implementation Guide to the General Plan, recognizes the importance of long-range planning considerations and budgeting to such day-to-day activities. Implementation of the specific programs will be subject to funding constraints.

The Implementation Guide is organized into five subsections that correspond to the General Plan Chapters. Each of the subsections is comprised of programs that directly relate to the policies and plans of the corresponding General Plan element.

Use of the General Plan Implementation Guide

The Implementation Guide is intended for use as the basis for preparing the Annual Report to the City Council on the status of the City's progress in implementing the General Plan, as described in Section 65400 of the California Government Code. Because many of the individual actions and programs described in the Implementation Guide act as mitigation for significant environmental impacts resulting from planned development identified in the General Plan, the annual report can also provide a means of monitoring the application of the mitigation measures as

required by AB 3180. This Implementation Guide should be updated annually with the budget process and whenever the City's General Plan is amended or updated to ensure continued consistency and usefulness.

CD-10.5	Work closely with OCTA to amend the Master Plan of Arterial Highways as follows: <ul style="list-style-type: none"> ▪ Reclassify Puente Avenue and Whittier Boulevard as a Collector Arterial. This modification accurately represents the function of this roadway. ▪ Reclassify Brea Canyon Boulevard (north of Lambert Road) as a Collector. The Collector classification best reflects the function Brea Canyon Boulevard serves during most travel hours. Only during the evening commute does the roadway experience heavy use, typically as an alternative to the crowded SR-57 freeway. The City will preserve right-of-way adequate for a Minor Arterial, but the Collector designation indicates the anticipated roadway function. ▪ Reclassify South Brea Boulevard (south of Imperial Highway) as Primary Arterial. This modification preserves right-of-way consistent with a Major Arterial standard but indicates the City's intention to maintain no more than two travel lanes in each direction. The land use plan provides for South Brea Boulevard to be a mixed-use, pedestrian-friendly district. The wide right-of-way will provide space for on-street parking, pedestrian enhancements, ample landscaping, and street-oriented development. ▪ Eliminate Tonner/Valencia Avenue (north of Lambert Road) as Proposed Primary Arterial. SECTION XIX: HAZARDOUS MANAGEMENT										
PS-4.1	Minimize public health and environmental risks from the use, transport, storage and disposal of hazardous materials with the following approaches: <ul style="list-style-type: none"> Cooperate with federal, state and local agencies to effectively regulate the management of hazardous materials and hazardous waste; Cooperate with the County of Orange to implement applicable portions of the County Hazardous Waste Management Plan and the Hazardous Materials Area Plan; Identify roadway transportation routes for conveyance of hazardous materials; Implement the emergency response plan for accidents involving hazardous materials; and Cooperate with the Certified Unified Program Agency (CUPA) for the City of Brea (the Orange County Environmental Health Department) and the Orange County Fire Authority to administer risk management plans for businesses within the City. 	Development Services, Maintenance Services, County of Orange, Federal and State Agencies	General fund, federal, state and local regulatory agencies	Ongoing						
PS-4.2	Monitor businesses that transport, handle, and generate hazardous materials to ensure proper disposal.	Development Services, Maintenance Services	General fund	Ongoing						
PS-4.3	Cooperate with the County Household Hazardous Waste Program to protect residents from dangers resulting from the use, transport and disposal of hazardous materials used in the home. The program includes public education about health and environmental hazards of household hazardous materials and periodic collection campaigns at established sites. Educate residents of the nearest location of a hazardous waste disposal site.	Development Services, County of Orange, Environmental Health Department	General fund	Ongoing						
PS-4.4	Provide education and information to the community about: <ul style="list-style-type: none"> Commonly used hazardous materials; More environmentally friendly alternatives; Safe recycling and disposal methods; and Location of nearest household hazardous waste collection center. 	Development Services, County of Orange	General fund	Ongoing						
PS-5.1	Cooperate with the California Department of Conservation, Division of Oil, Gas, and Geothermal Resources to protect residents from dangers resulting from the drilling, operation, maintenance, and abandonment of oil, gas, and geothermal wells and support regulations regarding abandoned oil facilities including both title and orphan wells.	Development Services, California Department of Conservation-Division of Oil, Gas, and Geothermal Resources	General fund	Ongoing					PS-5.2	
PS-5.3	During review of development proposals, require comprehensive investigation, studies, disclosures, and remediation of any former oil field property proposed for an alternative use.	Development Services	Development fee	Ongoing

PS-6.1	<p>Continue to implement the Very High Fire Hazard Area Requirements and the Fuel Modification Plan Guidelines for High Fire Hazard Areas as a preventative measure to avert wildland fires.</p>	Development Services, Fire Services	General fund	Investigate by end of 2005; implement as needed					
PS-6.2 PS-6.3	<p>Promote fire prevention in Brea in the following ways:</p> <ul style="list-style-type: none"> • Work closely with the Orange County Fire Authority to implement fire hazard education and fire prevention programs, including fuel modification programs; • Utilize wildland urban fire hazard mitigation techniques involving vegetation/fuel modification including chipping, scattering, multi-cutting, crushing, pruning and other non-fire hazard abatement concepts. • Coordinate with the local water districts and Orange County Fire Authority to ensure that water pressure for urban and hillside areas and sites to be developed is adequate for fire fighting purposes; and • Adopt and implement the Uniform Fire Code provisions and appropriate amendments to reflect the unique Brea topography, climate, vegetation and urban form. 	Development Services, Fire Services	Development fees	Ongoing				PS-6.3	
PS-6.2	Review development proposals to ensure that the City's four to six-minute fire response time is undertaken.	Development Services, Fire Department	Development Fees	Ongoing					
Flood Concerns									
PS-7.1 PS-7.2 PS-7.6	Coordinate with the Orange County Flood Control District (OCFCD) to ensure regularly scheduled maintenance of flood control channels and completion of necessary repairs. Coordinate with the OCFCD, Cal Domestic Water Company and Metropolitan Water District (MWD) regarding any needed improvements to existing aboveground water tanks. In addition, work with the District to identify new flood control improvements for existing flood hazards and potential hazards from new development, and establish installation programs for improvements. Require detention basins for new development, where necessary, to reduce flooding risks.	Development Services, Orange County Flood Control District, Cal Domestic Water Company, Metropolitan Water District (MWD)	Development fees, General fund	Ongoing					PS-7.2 PS-7.6
PS-7.3 PS-7.5	Continue to participate in the National Flood Insurance Program (NFIP) administered through the Federal Emergency Management Agency (FEMA). The NFIP program provides federal flood insurance subsidies and federally financed loans for property owners in flood-prone areas. Create an active storm drain inspection program in order to prevent flooding, avoid property damage, and protect surface water quality. Allow the program to evaluate and monitor water storage facilities that might pose an inundation hazard to downstream properties.	Development Services	General fund	Establish program by end of 2007					PS-7.5
SECTION XXII: GEOLOGIC AND SEISMIC CONSIDERATIONS									
PS-8.1 PS-8.2	<p>To minimize damage from earthquakes and other geologic activity, implement the most recent state and seismic requirements for structural design of new development and redevelopment.</p> <p>Where geologic instability can be identified and cannot be mitigated, or presence of faulting is identified, use open space easements and other regulatory techniques to prohibit development and avoid public safety hazards.</p>	Development Services	Development Fees, General fund	Ongoing					PS-8.2

					Community Development	Housing	Community Resources	Community Services	Public Safety	
PS-9.3	During review of development and redevelopment proposals, require surveys of soil and geologic conditions by state licensed Engineering Geologists and Civil Engineers where appropriate. Examples of when these surveys are required are (1) for projects within a State-delineated earthquake fault regulatory zones for liquefaction, fault ruptures, and seismically induced landsliding, in accordance with the California Geologic Survey and (2) prior to the development of any area with slopes more than 10 feet high at a gradient equal to or steeper than 2:1.	Development Services	Development fees	Ongoing						
PS-9.4	Develop informational overlays that augment the City's zoning ordinance to identify those areas where more detailed geotechnical studies should be carried out as part of liquefaction-susceptibility investigation, restrict development in liquefaction-prone areas, or to establish specific building design standards aimed at reducing the risk of liquefaction.	Development Services	Development fees, General fund	By the end of 2004						
PS-9.5	Promote earthquake preparedness in the community with periodic earthquake awareness programs. The program could include mailing brochures to residences and businesses, press releases, school education programs and presentations to homeowner groups and property managers. Coordinate programs with Federal, State, and local emergency service providers and the school districts to maximize public participation.	Development Services, Brea-Olinda Unified School District	General fund	Ongoing						
SECTION XXII: NOISE										
PS-9.1	Ensure that new development is exposed to acceptable noise levels. Require acoustical analyses for all proposed development within the 60 dB CNEL contour as shown on Figure N-1 in the Noise Element. Also require acoustical analyses for all proposed residential projects in the vicinity of existing and proposed commercial and industrial areas. Where the noise analyses indicate that the noise standards in Table N-2 will be exceeded, require noise control measures to be incorporated into the proposed development to reduce noise to acceptable levels. Noise control measures may include berms, walls, and sound attenuating architectural design and construction methods. Only permit new development if the noise standards and the City noise regulations can be met.	Development Services	Development fees	Ongoing					PS-9.4 PS-9.5 PS-11.4	
PS-9.2	Continue to enforce the City noise regulations to protect residents from excessive noise levels from stationary sources. The regulations provide protection from non-transportation related noise sources such as music, machinery, pumps, and air conditioners on private property. Periodically evaluate regulations for adequacy and revise, as needed, to address community needs and changes in legislation and technology.	Development Services	General fund	Ongoing						
PS-9.3	Use noise and land use compatibility standards to guide future planning and development decisions. Table PS-6 in the Noise Element summarizes the standards for acceptable noise levels by land use types. Table PS-6 in the Noise Element provides criteria for assessing the compatibility of future development with the noise environment. Review development proposals to ensure that the noise standards and compatibility criteria are met. Require mitigation measures, where necessary, to reduce noise levels to meet the noise standards and compatibility criteria.	Development Services	Development fees, Mitigation payment	Ongoing					PS-9.5	
PS-9.4	All City departments and agencies will comply with local, state and federal noise standards, including state and federal OSHA standards. All new equipment or vehicle purchases will comply with local, state and federal noise standards. Such equipment includes compressors, air conditioners, leaf blowers and other fixed and mobile machinery. Purchase noise-producing equipment with the necessary noise abating equipment installed.	Development Services	General fund	Ongoing						
PS-9.5	Reduce the noise impacts associated with City services acquired through contracts with other public and private entities, such as street sweeping, solid waste removal and transport, landscaping maintenance, construction projects and emergency services.	Development Services	General fund	Ongoing						
PS-11.5	Limit delivery or service hours for stores with loading areas, docks or trash bins that front, side, border, or gain access on driveways next to residential and other noise sensitive areas. Only approve exceptions if full compliance with the nighttime limits of the noise regulations are achieved.	Development Services	General fund	Ongoing					PS-11.5

PS-10.1 PS-10.2	Mitigate noise impacts to acceptable levels from transportation activity to enhance the quality of the community. Incorporate noise control measures, such as sound walls and berms, into roadway improvement projects to mitigate impacts to adjacent development. Request Caltrans and the Orange County Transportation Corridor Agencies (OCTA), as well as Los Angeles Metropolitan Transit Authority (MTA) to provide noise control for roadway projects within the City and Sphere of Influence. Particularly, advocate reducing noise impacts from the SR-57.	Development Services	General fund, OCTA, Federal grants	Ongoing					PS-10.2
PS-10.1	Coordinate with the Orange County Sheriff's Department and the California Highway Patrol to enforce the California Vehicle Code pertaining to noise standards for cars, trucks, and motorcycles.	Development Services	General fund	Ongoing					
PS-11.1	Provide written information describing methods of retrofitting existing structures and properties to reduce noise impacts, including sound insulation, double-pane glass windows, sound walls, berms and other measures.	Development Services	General fund	Ongoing					
PS-11.2	Enforce the provisions of the State of California Noise Insulation Standards (Title 24) that specify that indoor noise levels for multi-family residential living spaces shall not exceed 45 dB CNEL. The Title 24 noise standard is defined as the combined effect of all noise sources and is implemented when existing or future exterior noise levels exceed 60 dB CNEL. Title 24 requires that the standard be applied to all new hotels, motels, apartment houses and dwellings other than single-family dwellings. Also apply the standard to single-family dwellings and condominium conversion projects as official policy.	Development Services	Development fees, Mitigation payments	Ongoing					
PS-11.3	Require all construction activity and special events to comply with the limits established in the Noise Control Ordinance. Review the Noise Control Ordinance for adequacy and amend as needed to address community needs and development patterns.	Development Services	Development fees, General fund	Ongoing Revise ordinance by end of 2004					

Housing Implementation Program Summary

**Table HE-44
Housing Implementation Program Summary**

Housing Program	Program Goal	2014-2021 Objective/ Time Frame	Funding Source(s)	Responsible Department or Agency
Maintaining Existing Housing Quality and Affordability				
1. Single-Family Rehabilitation Program	Provide loans to lower income homeowners to help them rehabilitate their homes.	Issue an average of 15-18 loans and grants on an annual basis, with a goal to assist 130 households over the planning period.	CDBG; HOME	Community Development Department
2. Rental Rehabilitation and Assistance Program	Provide rehabilitation and refinancing loans to owners of rental properties.	Inform apartment owners about the program, and pursue expanded resources for implementation.	HOME; Housing Trust Fund; other outside sources	Community Development Department
3. Multi-Family Acquisition and Rehabilitation	Upgrade deteriorated apartment buildings, and provide long-term affordable rental housing.	Identify deteriorated apartments, cooperate with non-profits to secure funds to acquire & rehabilitate units.	HOME; Housing Trust Fund; Low Income Housing Tax Credits; other outside sources	Community Development Department
4. Preservation of Assisted Housing	Preserve the existing affordable rental stock at-risk of conversion to market rents.	Contact property owners of at-risk projects. Provide preservation incentives; work with priority purchasers; coordinate tenant education.	HOME; Housing Trust Fund; other State and Federal funds	Community Development Department
5. Section 8 Rental Assistance Program	Provide rental subsidies to extremely low and very low-income households.	Maintain current levels of assistance and direct eligible households to the program. Encourage landlords to register units with the County.	HUD Section 8	Community Development Department; Orange County Housing Authority
Provision of New Affordable Housing				
6. Affordable Housing Ordinance	Integrate housing affordable to low- and moderate-income households within market rate developments.	Continue to implement Ordinance to achieve affordable units, and generate in-lieu fee revenues.	Housing Trust Fund	Community Development Department
7. Affordable Housing Development Assistance	Facilitate affordable housing development by for-profit and non-profit housing developers/ corporations.	Provide financial and regulatory incentives for affordable housing, with particular consideration given to projects with units for ELI and other difficult to serve groups.	Housing Trust Fund; Co. of Orange RFPs; State MHP grants; Low Income Housing Tax Credits; Housing Asset Fund	Community Development Department

Housing Program	Program Goal	2014-2021 Objective/ Time Frame	Funding Source(s)	Responsible Department or Agency
Provision of Adequate Housing Sites				
8. Land Use Element and Sites Inventory	Provide adequate sites for future housing development consistent with regional housing needs.	Maintain a current inventory of residential and mixed use sites and provide to developers along with information on available development incentives. Maintain inventory on City's website.	General Fund	Community Development Department
9. Mixed Use/ High Density Opportunity Sites	Provide expanded opportunities for mixed use and high density residential development.	In conjunction with the focused General Plan update in 2014, evaluate re-designation of one or more of four identified sites and/or other sites.	General Fund	Community Development Department
10. Creation of Higher Density Residential Zoning	Provide for higher density residential zoning to facilitate affordability in multi-family development.	Evaluate establishing a new R-3H zone and identify suitable locations for designation as part of General Plan update in 2014.	General Fund	Community Development Department
11. Second Units	Promote second units in new and existing housing as a form of affordable, multi-generational housing.	By 2015, re-evaluate existing second unit development standards and amend accordingly. Prepare educational brochure, and sample second unit site plans.	General Fund	Community Development Department
12. Publicly-Owned Land for Affordable Housing	Provide expanded sites for affordable housing on surplus or underutilized public land.	In 2014, prepare inventory of publicly owned land, and evaluate modifying the P-F zone to accommodate residential uses.	General Fund	Community Development Department
13. Annexation of Sphere of Influence	Increase the City's capacity to accommodate future housing growth.	Pursue phased annexation of the Sphere of Influence consistent with infrastructure capacities.	General Fund	Community Development Department

Housing Program	Program Goal	2014-2021 Objective/ Time Frame	Funding Source(s)	Responsible Department or Agency
Removal of Governmental Constraints				
14. Regulatory Incentives	Facilitate the production of affordable housing through provision of regulatory incentives.	Continue to offer incentives for affordable housing. Provide a waiver via payment through the City Housing Trust Fund, of application fees for prevailing wage projects with a minimum 10% ELI units.	Housing Trust Fund	Community Development Department
15. Affordable Housing Incentives in Mixed Use Zones	Provide incentives for inclusion of lower income units in MU-I and MU-II zone districts.	Amend the Code in 2015 to eliminate discretionary review for stand-alone residential projects in MU-I and MU-II zones that incorporate 15% lower income units.	City Housing Trust Fund	Community Development Department
16. Multi-family Development in Multi-family Zones	Encourage efficient use of multi-family and mixed use zoning, and discourage single-family development in these districts.	In 2015, establish standards in the Zoning Code to promote exclusively multi-family development in R-3 and mixed use zoning districts.	General Fund	Community Development Department
17. Multi-family Design Guidelines	Provide upfront direction to developers on the desired character of multi-family development in Brea.	Develop Multi-Family Design Guidelines in 2015 which address development compatibility and sustainable site design and building practices.	General Fund	Community Development Department
18. CEQA Exemptions for Infill Projects	Utilize allowable CEQA exemptions for qualified urban infill and other qualifying residential projects.	Continue to utilize categorical CEQA exemptions where appropriate, on a case-by-case basis.	General Fund	Community Development Department
19. Efficient Project Processing	Provide efficient development processing procedures to reduce the cost of development.	Continue to offer streamlined development processing, and periodically review procedures to ensure efficiency	General Fund	Community Development Department

Housing Program	Program Goal	2014-2021 Objective/ Time Frame	Funding Source(s)	Responsible Department or Agency
Equal Housing Opportunities and Special Needs				
20. Fair Housing Program	Further fair housing practices in the community.	Continue to promote fair housing practices and refer fair housing complaints to the Orange County Fair Housing Council. Provide educational information on fair housing to the public.	General Fund	Community Development Department; Orange County Fair Housing Council
21. Housing Accessibility	Expand accessible housing options to persons living with disabilities.	Implement reasonable accommodation procedures; encourage Universal Design in new development; provide rehabilitation grants for accessibility improvements.	General Fund; CDBG	Community Development Department; Community Services Department
22. Senior Housing Opportunities	Support a range of housing options to address the diverse needs of Brea's growing senior population.	Beginning in 2015, consult with senior housing and gerontology experts to assist in adequately planning for the community's senior citizens.	General Fund; HOME; Housing Trust Fund; Housing Successor Fund; Low Income Housing Tax Credits; other outside sources	Community Development Department; Community Services Department
23. Housing Opportunities for Persons Living with Developmental Disabilities	Support a range of housing options for persons with developmental disabilities.	Work in cooperation with the OCRC to publicize information on available resources for housing and services. Pursue State and Federal funds available for supportive housing and services in future affordable housing projects.	General Fund; HOME; Housing Trust Fund; Low Income Housing Tax Credits; Mental Health Services Act (MHSA) funds; other outside sources	Community Development Department; Community Services Department
24. Veteran and Homeless Assistance	Promote housing and supportive services for veterans.	Host the Veterans Service Office; provide priority assistance under Brea's Affordable Housing Ordinance; support passage of AB 639 to provide expanded financial resources for veterans housing.	General Fund; Veterans Housing and Homeless Prevention Act (AB 639) funds; available Housing Trust Funds	Community Development Department; Community Services Department

Housing Program	Program Goal	2014-2021 Objective/ Time Frame	Funding Source(s)	Responsible Department or Agency
Sustainability, Energy Efficiency and Healthy Community				
25. Prioritization of Sustainable Housing Projects	Prioritize sustainable housing developments in sustainable locations for their numerous benefits.	Beginning in 2014, prioritize projects in sustainable locations competing for funds and grants.	General Fund; State and Federal Grants; other potential affordable housing resources	Community Development Department
26. Green Building	Promote green building practices for more sustainable housing.	Provide outreach and education to developers and residents regarding CALGREEN, and ways to incorporate sustainability in project design and existing structures.	General Fund	Community Development Department
27. Energy Conservation	Evaluate and implement activities to support clean energy and energy efficiency solutions in Brea's housing.	Implement actions for clean energy and energy efficiency.	General Fund	Community Development Department
28. Healthy Community	Foster community health through land use planning and support for initiatives that promote a more active lifestyle.	By 2014, initiate an educational campaign on local opportunities for residents to stay active and improve their health. Support a built environment that encourages physical activity and reduces automobile travel.	General Fund	Community Development Department; Community Services Department

Housing Successor Annual Report

**HOUSING SUCCESSOR ANNUAL REPORT
REGARDING THE
LOW AND MODERATE INCOME HOUSING ASSET FUND
FOR FISCAL YEAR 2015-16
PURSUANT TO
CALIFORNIA HEALTH AND SAFETY CODE SECTION 34176.1(f)
FOR THE
CITY OF BREA**

This Housing Successor Annual Report (Report) regarding the Low and Moderate Income Housing Asset Fund (LMIHAF) has been prepared pursuant to California Health and Safety Code Section 34176.1(f) and is dated as of December 15, 2016. This Report sets forth certain details of the CITY OF BREA (Housing Successor) activities during Fiscal Year 2015-16. The purpose of this Report is to provide the governing body of the Housing Successor an annual report on the housing assets and activities of the Housing Successor under Part 1.85, Division 24 of the California Health and Safety Code, in particular sections 34176 and 34176.1 (Dissolution Law).

The following Report is based upon information prepared by Housing Successor staff and information contained within the independent financial audit of the Low and Moderate Income Housing Asset Fund of the CITY OF BREA for Fiscal Year 2015-16 as prepared by Lance, Soll, & Lunghard, which Audit is separate from this annual summary Report; further, this Report conforms with and is organized into sections I. through XI., inclusive, pursuant to Section 34176.1(f) of the Dissolution Law:

- I. **Amount Deposited into LMIHAF:** This section provides the total amount of funds deposited into the LMIHAF during the Fiscal Year. Any amounts deposited for items listed on the Recognized Obligation Payment Schedule (ROPS) must be distinguished from the other amounts deposited.
- II. **Ending Balance of LMIHAF:** This section provides a statement of the balance in the LMIHAF as of the close of the Fiscal Year. Any amounts deposited for items listed on the ROPS must be distinguished from the other amounts deposited.
- III. **Description of Expenditures from LMIHAF:** This section provides a description of the expenditures made from the LMIHAF during the Fiscal Year. The expenditures are to be categorized.
- IV. **Statutory Value of Assets Owned by Housing Successor:** This section provides the statutory value of real property owned by the Housing Successor, the value of loans and grants receivables, and the sum of these two amounts.
- V. **Description of Transfers:** This section describes transfers, if any, to another housing successor agency made in previous Fiscal Year(s), including whether the funds are unencumbered and the status of projects, if any, for which the transferred LMIHAF will

be used. The sole purpose of the transfers must be for the development of transit priority projects, permanent supportive housing, housing for agricultural employees or special needs housing.

- VI. Project Descriptions:** This section describes any project for which the Housing Successor receives or holds property tax revenue pursuant to the ROPS and the status of that project.
- VII. Status of Compliance with Section 33334.16:** This section provides a status update on compliance with Section 33334.16 for interests in real property acquired by the former redevelopment agency prior to February 1, 2012. For interests in real property acquired on or after February 1, 2012, a status update is provided.
- VIII. Description of Outstanding Obligations under Section 33413:** This section describes the outstanding inclusionary and replacement housing obligations, if any, under Section 33413 that remained outstanding prior to dissolution of the former redevelopment agency as of February 1, 2012 along with the Housing Successor's progress in meeting those prior obligations, if any, of the former redevelopment agency and how the Housing Successor's plans to meet unmet obligations, if any.
- IX. Income Test:** This section provides the information required by Section 34176.1(a)(3)(B), or a description of expenditures by income restriction for five year period, with the time period beginning January 1, 2014 and whether the statutory thresholds have been met. However, reporting of the Income Test is not required until 2019.
- X. Senior Housing Test:** This section provides the percentage of units of deed-restricted rental housing restricted to seniors and assisted individually or jointly by the Housing Successor, its former redevelopment Agency, and its host jurisdiction within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted individually or jointly by the Housing Successor, its former Redevelopment Agency and its host jurisdiction within the same time period. For this Report the ten-year period reviewed is January 1, 2006 to December 31, 2015.
- XI. Excess Surplus Test:** This section provides the amount of excess surplus in the LMIHAF, if any, and the length of time that the Housing Successor has had excess surplus, and the Housing Successor's plan for eliminating the excess surplus.

This Report is available on the City's website at (<http://www.ci.brea.ca.us/index.aspx?nid=984>).

I. AMOUNT DEPOSITED INTO LMIHAF

A total of \$228,837 was deposited into the LMIHAF during the Fiscal Year. Of the total funds deposited into the LMIHAF, no funds were held for items listed on the ROPS.

II. ENDING BALANCE OF LMIHAF

At the close of the Fiscal Year, the ending balance in the LMIHAF was \$18,750,601 as follows, with no funds held for items listed on the ROPS:

Nonspendable – Loans Receivable	\$17,704,878
Spendable	<u>1,045,723</u>
Total	\$18,750,601

III. DESCRIPTION OF EXPENDITURES FROM LMIHAF

The following is a description of expenditures from the LMIHAF by category:

	Fiscal Year
Monitoring & Administration Expenditures	\$259,787
Homeless Prevention and Rapid Rehousing Services Expenditures	N/A
Housing Development Expenditures*	
➤ Expenditures on Low Income Units	N/A
➤ Expenditures on Very-Low Income Units	N/A
➤ Expenditures on Extremely-Low Income Units	N/A
➤ Total Housing Development Expenditures	N/A
Other***	
Total LMIHAF Expenditures in Fiscal Year	\$259,787

IV. STATUTORY VALUE OF ASSETS OWNED BY HOUSING SUCCESSOR IN LMIHAF

Under the Dissolution Law and for purposes of this Report, the "statutory value of real property" means the value of properties formerly held by the former redevelopment agency as listed on the housing asset transfer schedule approved by the Department of Finance as listed in such schedule under Section 34176(a)(2), the value of the properties transferred to the Housing Successor pursuant to Section 34181(f), and the purchase price of property(ies) purchased by the Housing Successor. Further, the value of loans and grants receivable is included in these reported assets held in the LMIHAF.

The following provides the statutory value of assets owned by the Housing Successor.

	As of End of Fiscal Year
Statutory Value of Real Property Owned by Housing Successor	N/A
Value of Loans and Grants Receivable	\$17,704,878*
Total Value of Housing Successor Assets	\$17,704,878

*Amount reported is net of deferred revenue.

V. DESCRIPTION OF TRANSFERS

The Housing Successor did not make any LMIHAF transfers to other Housing Successor(s) under Section 34176.1(c)(2) during the Fiscal Year.

VI. PROJECT DESCRIPTIONS

The Housing Successor does not receive or hold property tax revenue pursuant to the ROPS.

VII. STATUS OF COMPLIANCE WITH SECTION 33334.16

Section 34176.1 provides that Section 33334.16 does not apply to interests in real property acquired by the Housing Successor on or after February 1, 2012; however, this Report presents a status update on the projects related to such real property.

With respect to interests in real property acquired by the former redevelopment agency *prior* to February 1, 2012, the time periods described in Section 33334.16 shall be deemed to have commenced on the date that the Department of Finance approved the property as a housing asset in the LMIHAF; thus, as to real property acquired by the former redevelopment agency now held by the Housing Successor in the LMIHAF, the Housing Successor must initiate activities consistent with the development of the real property for the purpose for which it was acquired within five years of the date that DOF approved such property as a housing asset.

In furtherance thereof, the Housing Successor does not have any real property.

VIII. DESCRIPTION OF OUTSTANDING OBLIGATIONS PURSUANT TO SECTION 33413

Replacement Housing: According to the 2010-2014 Implementation Plan for the former redevelopment agency, no Section 33413(a) replacement housing obligations were transferred to the Housing Successor. The former redevelopment agency's Implementation Plans are posted on the City's website (<http://www.ci.brea.ca.us/documentcenter/view/2045>).

Inclusionary/Production Housing. According to the 2010-2014 Implementation Plan for the former redevelopment agency, no Section 33413(b) inclusionary/production housing obligations were transferred to the Housing Successor. The former agency's Implementation Plans are posted on the City's website (<http://www.ci.brea.ca.us/documentcenter/view/2045>).

IX. EXTREMELY-LOW INCOME TEST

Section 34176.1(a)(3)(B) requires that the Housing Successor must require at least 30% of the LMIHAF to be expended for development of rental housing affordable to and occupied by households earning 30% or less of AMI. If the Housing Successor fails to comply with the Extremely-Low Income requirement in any five-year report, then the Housing Successor must ensure that at least 50% of the funds remaining in the LMIHAF be expended in each fiscal year following the latest fiscal year following the report on households earning 30% or less of AMI

until the Housing Successor demonstrates compliance with this requirement. This information is not required to be reported until 2019 for the 2014 – 2019 period.

X. SENIOR HOUSING TEST

The Housing Successor is to calculate the percentage of units of deed-restricted rental housing restricted to seniors and assisted by the Housing Successor, the former redevelopment agency and/or the City within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted by the Housing Successor, the former redevelopment agency and/or City within the same time period. If this percentage exceeds 50%, then the Housing Successor cannot expend future funds in the LMIHAF to assist additional senior housing units until the Housing Successor or City assists and construction has commenced on a number of restricted rental units that is equal to 50% of the total amount of deed-restricted rental units.

The following provides the Housing Successor's Senior Housing Test for the 10 year period of January 1, 2006 to December 31, 2015.

Senior Housing Test	1/1/2006 – 12/31/2015
# of Assisted Senior Rental Units	2,320
# of Total Assisted Rental Units	6,110
Senior Housing Percentage	38%

XI. EXCESS SURPLUS TEST

Excess Surplus is defined in Section 34176.1(d) as an unencumbered amount in the account that exceeds the greater of one million dollars (\$1,000,000) or the aggregate amount deposited into the account during the Housing Successor's preceding four Fiscal Years, whichever is greater. The LMIHAF does not have an Excess Surplus (see attached worksheet).
