SUBJECT: GENERAL PLAN ANNUAL PROGRESS REPORT FOR 2018

EXECUTIVE SUMMARY

Government Code Section 65400(a)(2) requires the preparation of an annual report on the implementation of the General Plan, including the City's progress in meeting its fair share of regional housing needs. The Annual Report covers the period from January 1, 2018 to December 31, 2018. The City Council, as the City's legislative body, is responsible for administering the General Plan. Once accepted by the City Council, the report will be submitted to the Governor's Office of Planning and Research and the Department of Housing and Community Development (HCD). This report is due to HCD by April 1, 2019. HCD establishes the specific format that the annual report must follow. For 2019, HCD updated the format to include new requirements set by Chapter 366, Statutes of 2017 SB 35, Weiner) and Chapter 374, Statutes of 2017 (AB 879, Grayson). SB 35 requires the planning agency to include in its annual report specified information regarding units of net new housing, including rental housing and for -sale housing that have been issued a completed entitlement, building permit, or certificate of occupancy. The bill also requires HCD to post an annual report on its website. AB 879 requires that the planning agency also include in its annual report the number of housing development applications received in the prior year, units included in all development applications in the prior year, units approved and disapproved in the prior year, and a listing of sites rezoned to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on specified sites. In addition to HCD reporting requirements, the City of Brea includes a report summarizing the status of the City's compliance with General Plan goal, policy and action item.

ADMINISTRATION OF THE GENERAL PLAN

General Plan Status

State law requires each city and county adopt a general plan that addresses seven mandated elements. The City of Brea's General Plan was adopted in 2003 and organized into six chapters: Including Community Development, Housing, Community Resources, Community Services and Public Safety. Amendments and comprehensive updates are adopted periodically to ensure the

General Plan remains current. **Figure 1** shows the status of the City's General Plan elements during the 2018 calendar year. Please note that Housing is outlined in a separate section below.

Land Use	CD-1 CD-1.1 CD-1.2 CD-1.3 CD-1.4 CD-1.5 CD-1.6 CD-1.9 CD-1.11 CD-23.4 CD-26	<p>The Zoning Code is a tool used to implement the goals and policies of the General Plan. During 2018, amendments were adopted to support the Land Use Element. These amendments updated the Zoning Code to address the following topics: definitions related to wireless facilities and prohibition of short-term rentals and to update the requirements and procedures for implementing the Planned Community (PC) Zone. The purpose of PC zone is to encourage, preserve, and improve the health, safety, and general welfare of the community by encouraging innovative development that allows a diversification of uses, use relationships, building heights, densities, and open spaces while ensuring consistency with the City's General Plan.</p> <p>Development projects consistent with the General Plan were approved in 2018. The City approved three (3) Tentative Parcel Maps, one (1) Tentative Tract Map, five (5) Conditional Use Permits, and two (2) Precise Development applications. The projects included improvements to existing commercial and industrial sites.</p>
Circulation Infrastructure	CD-1.8 CD-2.3 CD-3.1 CD-4 CD-10.3 CD-11 CD-11.2 CD-11.6 CD-12.5 CD-13 CD-13.2 CD-26.3 CD-27.1 CD-27.4 CD-27.5 CD-28.1 CD-28.2 CD-28.3	<p>During 2018, the City completed or initiated a number of Capital Improvement Projects (CIP) to implement a safe and efficient circulation system that offers a variety of mobility choices throughout the Community.</p> <p>The Tracks at Brea were completed in 2018. The Tracks is a four-mile, dual-tread trail that provides connection between Brea's east and west sides. The trail system provides an integrated and safe bicycle and pedestrian network. The City will continue to seek out opportunities to extend the length of the trail to connect to the larger regional trail systems.</p> <p>The City continued participation in the Regional Transportation Synchronize Signal system. This year the City synchronized traffic lights on Birch Street from Brea Boulevard to Valencia Avenue. Two signals at the Tracks at Brea intersections (Brea Boulevard & State College Boulevard) were installed under a Safe Routes to School grant to</p>

		<p>provide convenient and safe crossings for all users of the trail.</p> <p>The City also continues annual traffic compliance and routine maintenance of the street network per the CIP program and the Pavement Management Plan. The projects completed in 2018 include street slurry and restriping of Puente Street, Berry Street, and Northwood Avenue. Additional maintainance on Berry Street included striping modifications resulting in smaller lane widths and increased bike lane widths.</p> <p>The City completed the construction of the Superblock I Downtown Parking Structure in late 2017. The parking structure is located at a key location within downtown and assists in improving the vitality, economic strength, accessibility and livability of the Downtown.</p> <p>Efforts in infrastructure improvements are facilitated through the City's CIP program. During 2018, the City completed three infrastructure projects which included Phase 2 for the replacement of roofing at the Brea Civic and Cultural Center, removal and replacement of existing landscaping at various City facilities and medians, and completion of the Tracks at Brea. Sewer and utility infrastructure projects are identified in Brea's CIP program and will continue to progress over the next CIP program years.</p>

Brea is an active participant in the Orange County Economic Development Working Group, the North Orange County Planning Collaborative, the International Council of Shopping Centers, and the California Association of Local Economic Development (CALED). The City regularly collaborates and partners with the Brea Chamber of Commerce.</p> <p>The City continues to promote the Shop Brea Program, a community marketing effort to encourage Breans to shop locally. The program educates the community on how shopping in Brea benefits residents directly.</p> <p>In 2018, the City hosted its first Brea Business Block Party. Local businesses were invited to setup a booth and participate to help promote their business. Attendees met local businesses</p>

		<p>and were encouraged to shop Black Friday and Small Business Saturday. The open house-style event was free (for both booth participants and the community) family friendly, with a kids' craft area, games, food, music, raffle prizes and a festive atmosphere.</p>

HOUSING

Status of Housing Element Implementation

The City's current Housing Element was adopted by the City Council on November 5, 2013. California Government Code Section 65588 requires local jurisdictions to frequently review its Housing Element to evaluate:

- The appropriateness of the housing goals, objectives and policies in contributing to the attainment of the state housing goal
- The effectiveness of the Housing Element in attainment of the community's housing goals and objectives
- The progress of the city, county or city and county implementation of the housing element.

The City's current Housing Element was reviewed by the State of California in November 2013 and was found to be in full compliance of the State housing element law. The finding was based on Brea's commitment to address its regional housing needs. **Figure 2** below shows the status of the City's General Plan Housing Element Programs.

Regional Housing Needs Assessment

State law requires jurisdictions to provide their share of the regional housing needs. The Southern California Association of Governments determines the housing growth needs by income for local jurisdictions through the Regional Housing Needs Assessment (RHNA). The City of Brea's RHNA allocation for the 2014-2021 is 1,851 units which is divided into the following income groups:

- Extremely low – 213 units
- Very Low – 213 units
- Low – 305 units
- Moderate – 335 units
- Above Moderate – 785 units

Attachment E of this report shows the residential activity for the 2014-2021 housing cycle by year, income level, and project. The City of Brea has issued building permits for 2,303 units so far in this housing cycle. In 2018, The City issued 83 building finals for a total of 355 new residential units added to the City's housing stock. The majority of this residential permit activity is from La Floresta (Planning Areas 5 & 12b). The units are a mix of single-family and multi-family residential units.

The City has two funds that account for revenues received and expenditures made for affordable housing – The Affordable Housing Trust Fund and the Housing Successor Fund. The Housing Successor Annual Report regarding the Low and Moderate Income Housing Asset Fund for fiscal year 2017-2018 is attached to this report.

GENERAL PLAN

IMPLEMENTATION

GUIDE

The General Plan Implementation Guide provides a guide to implement adopted General Plan policies and plans for City elected officials, staff and the public. The purpose of the Implementation Guide is to ensure the overall direction provided in the General Plan for City growth and development is translated from general terms to specific actions.

Each implementation measure is a program, procedure, or technique that requires additional City action. This action may either occur on a City-wide basis, or in individual subareas. Some of the implementation measures are processes or procedures the City currently administers on a day-to-day basis (such as development project review), while others identify new programs or projects that will become day-to-day planning activities in Brea. The City Council, by relating the Implementation Guide to the General Plan, recognizes the importance of long-range planning considerations and budgeting to such day-to-day activities. Implementation of the specific programs will be subject to funding constraints.

The Implementation Guide is organized into five subsections that correspond to the General Plan Chapters. Each of the subsections is comprised of programs that directly relate to the policies and plans of the corresponding General Plan element.

Use of the General Plan Implementation Guide

The Implementation Guide is intended for use as the basis for preparing the Annual Report to the City Council on the status of the City's progress in implementing the General Plan, as described in Section 65400 of the California Government Code. Because many of the individual actions and programs described in the Implementation Guide act as mitigation for significant environmental impacts resulting from planned development identified in the General Plan, the annual report can also provide a means of monitoring the application of the mitigation measures as

required by AB 3180. This Implementation Guide should be updated annually with the budget process and whenever the City's General Plan is amended or updated to ensure continued consistency and usefulness.

CD-10.5	<p>Work closely with OCTA to amend the Master Plan of Arterial Highways as follows:</p> <ul style="list-style-type: none"> ▪ Reclassify Puente Avenue and Whittier Boulevard as a Collector Arterial. This modification accurately represents the function of this roadway. ▪ Reclassify Brea Canyon Boulevard (north of Lambert Road) as a Collector. The Collector classification best reflects the function Brea Canyon Boulevard serves during most travel hours. Only during the evening commute does the roadway experience heavy use, typically as an alternative to the crowded SR-57 freeway. The City will preserve right-of-way adequate for a Minor Arterial, but the Collector designation indicates the anticipated roadway function. ▪ Reclassify South Brea Boulevard (south of Imperial Highway) as Primary Arterial. This modification preserves right-of-way consistent with a Major Arterial standard but indicates the City's intention to maintain no more than two travel lanes in each direction. The land use plan provides for South Brea Boulevard to be a mixed-use, pedestrian-friendly district. The wide right-of-way will provide space for on-street parking, pedestrian enhancements, ample landscaping, and street-oriented development. ▪ Eliminate Tonner/Valencia Avenue (north of Lambert Road) as Proposed Primary Arterial. Land use policy north of Lambert Road does not support the MPAH alignment, nor does planned densities require a roadway of this size. were transferred to the Housing Successor. The former agency's Implementation Plans are posted on the City's website (<http://www.ci.brea.ca.us/documentcenter/view/2045>).

IX. EXTREMELY-LOW INCOME TEST

Section 34176.1(a)(3)(B) requires that the Housing Successor must require at least 30% of the LMIHAF to be expended for development of rental housing affordable to and occupied by households earning 30% or less of AMI. If the Housing Successor fails to comply with the Extremely-Low Income requirement in any five-year report, then the Housing Successor must ensure that at least 50% of the funds remaining in the LMIHAF be expended in each fiscal year following the latest fiscal year following the report on households earning 30% or less of AMI until the Housing Successor demonstrates compliance with this requirement. This information is not required to be reported until 2019 for the 2014 – 2019 period.

X. SENIOR HOUSING TEST

The Housing Successor is to calculate the percentage of units of deed-restricted rental housing restricted to seniors and assisted by the Housing Successor, the former redevelopment agency and/or the City within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted by the Housing Successor, the former redevelopment agency and/or City within the same time period. If this percentage exceeds 50%, then the Housing Successor cannot expend future funds in the LMIHAF to assist additional senior housing units until the Housing Successor or City assists and construction has commenced on a number of restricted rental units that is equal to 50% of the total amount of deed-restricted rental units.

The following provides the Housing Successor's Senior Housing Test for the 10 year period of January 1, 2008 to December 31, 2017.

Senior Housing Test	1/1/2008 – 12/31/2017
# of Assisted Senior Rental Units	2,170
# of Total Assisted Rental Units	6,478
Senior Housing Percentage	33%

XI. EXCESS SURPLUS TEST

Excess Surplus is defined in Section 34176.1(d) as an unencumbered amount in the account that exceeds the greater of one million dollars (\$1,000,000) or the aggregate amount deposited into the account during the Housing Successor's preceding four Fiscal Years, whichever is greater. The LMIHAF does not have an Excess Surplus (see attached worksheet). The calculations have been amended on February 13, 2019.
